Coiled Cable Security

High Tensile Airline Cable

Security Grade Adhesive (affixes to plug shown)

1 or 1.5 Metre Length Cables (when fully stretched)

The most cost effective security for your Tablet, iPad and eReader

COILED CABLE SECURITY

- The **SK1905** *Coiled Cable Security* protects your iPad from theft while allowing it to be picked up and used
- Protection is provided by a coiled multi-stranded hi tensile aircraft quality steel cable
- The cable attaches to the iPad and to the desktop with super strength double sided Security Grade adhesive
- When removed the adhesive will leave no residue or marks
- Available in 1 metre (SK1905) and 1.5 metre (SK1908) lengths (*when fully stretched*)

Order Code	Description	Price
SK1905	10cm Coiled cable security (stretches to 1 metre)	\$14.95
SK1908	15cm Coiled cable security (stretches to 1.5 metres)	\$19.95
SK1912	Removal tool (optional)	\$10.85
SK1909	Replacement security adhesive 25mm x 50mm (pk 50)	\$55.00

Pricing excludes GST and freight

Dog Clip Coiled Cable Security

High Tensile Airline Cable

Security Grade Adhesive (affixes to plug shown)

Attach to clothing or wrist

Securing your device when you are on the GO!

DOG CLIP COILED CABLE SECURITY

- The **SKP942-D Dog Clip Coiled Cable Security** has plug and security grade adhesive on one end to attach to iPad or other tablet device, and a dog clip on the other end for attaching to clothing items, around your wrist or around other object
- Ideal for travelling in aircraft (and wanting your iPad to be secure while you are sleeping), or when walking around such as working at a trade show or in an office etc
- Convenience and security – attach your iPad to your wrist or clothing
- When removed the adhesive will leave no residue or marks
- Secure travelling – convenient security option. Just attach your Tablet, iPad or eReader and GO!

Order Code	Description	Price
SKP942-D	Dog clip coiled security cable with plug and adhesive (Includes SK1909 adhesive to attach plug end to iPad)	\$25.00
SK1912	Removal Tool (optional)	\$10.85

Vantage II Post with Alarm

Secure up to 4 x iPad, iPhone or Tablet Devices

Magnetic Nest and Cable System

Alarm Box with Low Battery Warning

Secured Tablet, iPad or e-Reader is able to be picked up off display post

VANTAGE II POST WITH ALARM

- The Vantage II Display Post is an effective way to safely display your iPad with an alarm for added security. It gives the iPad an attractive and uncomplicated display
- Your iPad is attached to a sensor on the coiled cable of the post by way of a security grade adhesive pad and sits positively and proudly in a small nest on the post when not in use
- Should someone try to steal the iPad from its cable a loud alarm will sound right at the display point
- The SK 550 4 Port Alarm is a battery powered alarm with low battery warning and tamper proof switch for the protection of up to 4 iPads, iPhones or other Tablet devices
- The Vantage II post is available in white and black in 75mm and 150mm heights
